Solomon/Berg/Martin, BIOLOGY -- often described as the best majors text for LEARNING biology -- is also a complete teaching program. The superbly integrated, inquiry-based learning system guides students through every chapter. Key concepts appear clearly at the beginning of each chapter and learning objectives start each section. Students then review the key points at the end of each section ...

This book has quite a bit of info, which is good. The flow is so bad. I have just decided to return this book. I am dropping my class. I like my instructor and all, but I know a school that uses a better book. using a good book is to vital. This book s horrible. A good read if you just want to read about biology.
